PROFESSIONAL SUMMARY

Aspiring Frontend Developer with practical experience in building responsive, user-friendly interfaces using React.js and Tailwind CSS. Strong understanding of modern UI development and version control (Git/GitHub). Seeking an opportunity to apply technical skills, creativity, and problem-solving ability to contribute to organizational growth while advancing professional expertise.

EDUCATION

Bachelor of Computer Applications (CTIS)

2022-2025

Panipat Institute of Engineering and Technology, Panipat

SKILLS

Frontend Development: HTML, CSS, JavaScript, React.js

Styling Frameworks: Tailwind CSS, Bootstrap

Programming Language: Python

Tools & Version Control: Git, GitHub

PROJECTS

Anand Lab (Frontend)

March-Apr 2025

Anand Lab is a diagnostic laboratory platform developed using the MERN stack and Tailwind CSS as part of a team project. My primary contribution was designing and building the frontend for the “About” and “Services” pages, focusing on responsive layouts, clean UI design, and seamless user experience. The project demonstrates strong skills in team collaboration, frontend development, and modern web technologies.

GadgetHub (Frontend)

July 2025

GadgetHub is a responsive e-commerce web application built with React and Tailwind CSS. It features a clean, modern interface with category-based product filtering for easy navigation and an enhanced shopping experience. The project was deployed on Vercel, ensuring smooth performance and accessibility across devices.

CERTIFICATIONS

Blockchain and its Applications

Jan-Apr2025

NPTEL (IIT Kharagpur)

Full Stack Development Training

Feb-May2025

Knowlegiant (Zeenat & Company, Delhi)
